BAKELS SWEDEN RESPONDS TO CONSUMER DEMAND FOR HEALTHY INDULGENCE

There is an increasing consumer demand for healthier alternatives, this is a trend that is here to stay, and it will continue to evolve. We know that even if the consumer chooses to remove sugar, they do not want to compromise on taste or true indulgence. Therefore to meet this demand, we have developed a **Chockex** without added sugar.

We proudly present **Chockex Premium Dark No Added Sugar** – a versatile product with a smooth texture and rich taste of chocolate based on natural aromas. This product has exactly the same qualities as our regular **Chockex** products and can be used for a wide range of applications.

Discover

BAKELS CHOCKEX COMPOUND

Chockex is an effective alternative to chocolate and is suitable for all applications where you want a taste of chocolate. The advantage of **Chockex** is that, unlike chocolate, it does not contain cocoa butter, which makes it easy to use as it does not require any tempering.

Our **Chockex** range consists of several different colours and tasty flavours with the perfect consistency and viscosity.

Chockex, in addition to dipping and coating, is also suitable for decorating and moulding. It gives a delightful shine with a hard break, just the way you want it. With a high cocoa content in the product, quality-assured production in our factory in Sweden, we dare to promise you that the product will take your pastries and confectionery to the next level.

This is why you should choose Bakel's Chockex

- Has a high product quality.
- Has a high cocoa content compared to other products on the market.
- Is free of hydrogenated fat.
- Is made from segregated palm oil certified by RSPO.
- Simplifies and streamlines your manufacturing process.
- Does not require any tempering.
- Gives a hard break.
- Can be used in a wide variety of applications.

Did you know?

- We have manufactured and delivered **Chockex** worldwide from Gothenburg, since 1978.
- Each batch undergoes several stringent quality. Amongst other things, the particle size is measured, viscosity, taste and colour. This provides you with a product that has a silky mouthfeel, rich taste and an easy-to-handle texture.
- All our **Chockex** are developed on segregated palm oil certified by RSPO and are free from hydrogenated fat.
- **Chockex** is delivered in easy-to-handle format, either as a round or square shape, for easier dosing, handling and storage.

BAKELS CHOCKEX PREMIUM DARK NO ADDED SUGAR
