TOP-CLASS FLAVOURS

In our wide flavour range you will find high quality flavours in a number of different flavours and compositions. Our flavours are created with the goal of giving the consumer a taste experience beyond the ordinary.

The raw materials for our flavours come from across the world and we set high demands for a great quality product. In our production, certain raw materials are refined further to give the product a greater and better taste. The quality of production is carefully checked both during and after the manufacturing process.

*Produced
in Sweden.

Top-class saffron extract

Aromatic saffron extracts are based on genuine selected raw saffron of high quality. Through a unique extraction process, the over one hundred aromas and flavours that are found naturally in saffron are enhanced. Which as a result gives the extract both an intensive colour and a natural, rich taste.

6038 SAFFRON STRAW

Exclusive raw saffron of the highest quality. Long straws with a deep red colour and an intensive taste.

Packaging: 0,15 kg can, 0,5 kg bag.

6040 SAFFRON EXTRACT

Contains real raw saffron that is strengthened with flavourings.

Packaging: 5 kg can, 12x1 kg plastic bottle.

6044 NATURAL SAFFRON EXTRACT PLUS

Natural Saffron Extract Plus contains raw saffron and has a sweet and elegant taste. The product is free from e-numbers.

Packaging: 5 kg can, 12x1 kg plastic bottle.

Did you know?

- 14 days is the harvest period, which takes place between October and November.
- 300 tons is the complete global production.
- 200,000 flowers are needed to manufacture 1 kg of dry packaged saffron.
- 95% of all saffron comes from Iran.
